

# COVID-19

# UPDATE

September 11, 2020

Dear Clients, Families and Team Members:

Since our last update went out last Friday, we have had a total of 3 employees at Serenity has tested positive for COVID-19.

We are proud to announce that over the past 7 days, we have had each resident tested for COVID.

Good news...the entire East Campus have received their tests back and are Negative!

The employees who worked with positive staff are also negative.

We are still waiting on results for the South Campus (Memory Care) and a few more at the West Campus.

Out of an **abundance** of caution, we are still holding off on the following:

- Window Visits
- Outside Visits
- Inside Visits
- Activities & Wellness

As a reminder, please make note of the following at this time.

## What's Ok

- Walks in Hallways (please wear masks and stay 6 feet apart from others)

- Walks Outside (please wear masks through the hallways)
- Residents Ok to drive their own vehicles (no others in vehicles)...no stopping anywhere

## Please Avoid

- Window Visits with family and friends
- Outside Visits with family and friends
- Inside Visits with family and friends
- Drives with family and friends

We will be in touch with you personally if your loved one is suspected or diagnosed with COVID-19.

We are hoping to resume activities and visitation early next week pending on those results.

Sincerely,  
Elaine Anderson
